Sallowness of Complexion, Depression of spirits and irratibility of temper, do Have, in many cases, defied the skill, heretofore of the best medial practitioners in the world, and many case have been abandoned as incurable. Dr. J. WHLIAMS, Chemist and Pharan dying closely the practice of Drs. Abernathy Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it revails to a greater extent than elsewhere, procure from South America, certain roots and herbs, from which he prepared an "Elixir," which, after eighteen

years' use in private practice, has proved itself more efficacious in the cure of Dyspepsy, than any medicine that has ever been prepared in any age or any climeor the same purpose. Having submitted it, with an explanation of its con penents, to a number of Physicians of Philadelphia, a-mong whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and nany of the Medical Faculty are now not only prescri bing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is une qualled, and its properties are of so invigorating a na-ture, that it is given with perfect safety and success to he most tender infants.

The "Elixie" is very gradual, but certain in its a tion upon the organs of digestion, the increased se-cretions of the liver, pancreas and mucus membrane of the stomach, and requires that only one dose be taken in twenty four hours; for confirmed Dyspensy, can only be cured by gradually restoring the organs of diges-tion to a healthy state. The great success met with in curing the most aggravated cases of Dysjepsy, accom-panied sometimes with a high grade of hypothondria-sis, has established the most unbounded confidence in the curative properties of this "Elixir;" in corrobora-tion of which, read the following testimonials:— ATTESTATION.—We having used Williams' "Auti Dyspeptic Elixir" with the most perfect satisfaction and success, take great pleasure in recommending it to al ersons suffering with Dyspepsy, as we are fully con vinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness and imparting a healthy tone to the stomach.

Testimony of H. N. Sperry, who was obsaidoned as insurance and Court of the Cour ous to 1854, I suffered so much from Dyspepsy, that !

became completely prostrated, both in mind and body and at length became so weakened I could not attend to my business, and was sinking into a decline, and it was believed I never could recover; medical aid was pro cured for me, and every means resorted to without any relief, till I was advised to use your "Elixir," and rom the time I began taking it I gradually impe till I was completely restored to health. The dreadful sufferings I endured frem Dys pepsy I cannot describe but I am confident that without the use of your "Elixir," I should be in my grave. I assert that I solemn is health as the confident of the confident that without the use of your "Elixir," I should be in my grave. I assert that I solemn ly believe your "Elixir" has saved me from an early death. I continue now in the enjoyment of most excellent health.
